Learners develop academic literacy skills through content, images and video from National Geographic. This innovative series provides learners with a pathway to success! Pathways, Second Edition, is a global, five-level academic English program. Carefully-guided lessons develop the language skills, critical thinking, and learning strategies required for academic success. Using authentic and relevant content from National Geographic, including video, charts, and other infographics, Pathways prepares students to work effectively and confidently in an academic environment. Explicit instruction and practice of note-taking, listening, speaking, grammar, vocabulary, and pronunciation develop language proficiency and build academic skills. Slide shows of lectures and presentations enhance listening activities and develop presentation skills. Exam-style tasks prepare students for a range of international exams, including TOEFL and IELTS. Key features: Clear connections between reading and writing skills help students master both skills naturally Academic reading skills and strategies embedded in the unit tasks prepare students to access a variety of realistic academic texts Step-by-step writing instruction with integrated grammar and vocabulary provides instruction and practice on a variety of rhetorical forms Consistent Integrated critical thinking tasks develop learners' ability to evaluate, analyze, and synthesize information from a wide range of sources Внимание!
